“ We extend our love and prayers to the family of Mother Wagner.
Our long and congenial fellowship with her is characterized by
wonderful memories of a sweet servant of God.

*She was the epitome of consistence, a rare commodity in the times
in which we now live.*

*Always faithfully serving, she never deviated from the gentle and
kind spirit we witnessed on every occasion. It was our joy to know
her down through the years.*

May God strengthen and comfort you today and in the days ahead.

Dear and special friend. God chose to call you to heavenly peace. The lovely times we spent together eating, joking, smiling together were cherished memories, praising God and the warm caring touch and smile, seeing you with your grandchildren great grandchildren and sharing love was a memorabilia to me. Heavenly peace.

Much love to the family.
