“ To the family---I am sorry for your loss and pray that you have a speedy healing of the heart. Every time we lose an elder in the community, we lose a library. They take us to sites of memory that are not in the history books. I will always remember this centenarian and the amazing discussions we had through the years. He was a remarkable man with a wealth of knowledge who always enjoyed sharing his life experiences with you. He was loved by so many!

We will always be grateful for the many times he was in our presence, in our parents home, at the family reunions, and many other places. He helped us learn our history and we are most appreciative.
